**DETAILED ACTION**

***Response to Amendment***

1. This action is in response to the communication filed on 3/29/06.
2. Claims 1-8 have been cancelled in the instant amendment.
3. Claims 9-19 have been added.
4. Claims 15-19 are cancelled (see attached examiner's amendment and interview summary).
5. Claims 9-14 are pending in this action and are allowed.
6. Claims 9-14 are allowed.

**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David L. Nocilly (Reg. No 48,259) on 4/13/06 (regarding claims 15-19) and on 4/21/06 (regarding claim 9).

The application has been amended as follows:

**In the claims:**

Please cancel claims 15-19.

In claim 9, on line 9, next to the word 'during', replace the phrase "a second length of time, wherein the second time period is 5 seconds", with the phrase --- a 5 seconds period of time, following a first length of time used for detecting the ambient noise level.

***Allowable Subject Matter***

Claims 9-14 are allowed.

The following is an examiner's statement of reasons for allowance:

**As per claims 9-14:** the claims are directed to a voice activated wireless headset, including a noise level threshold (ambient level threshold) and activation threshold (upper end threshold for activating the headset), wherein activation (off-hook action) of the headset is effected if the activation noise/voice is detected during five seconds, as recited in claim 9. The prior art of record does not teach or fairly suggest the above described techniques of activating a wireless headset using noise/voice.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
